

*Indo-Japan
2nd Annual Conference on
Biotechnology Education*

June 12, 2007

*Biyani Group of Colleges
Proudly invites you
to
BISMA-Biotech 2007
2nd Annual Conference on
“Biotechnology Education”*

Tuesday, June 12, 2006

Time: 9:00 AM

at

*Biyani Girls College
R-4, Sector 3, Vidhyadhar Nagar,
Jaipur, India*

BISMA (Biyani Institute of Science and Management), a newly launch organization in higher education pursuits in Jaipur (India) to provide the best to keep the youth abreast with their professional careers, will host a conference to explore the inception of new hi-biotech horizon towards Indo-Japan intellectual exchange program. This event arose with the main objectives of promoting research-based (laboratory-demonstrated) education into the field of Biotechnology and to build and foster collaboration between the two countries in high-tech education and research.

The collaborative program is designed to be coordinated by Principal research investigator Dr. Manish Biyani of BISMA from the Indian side and by Prof Yuzuru Husimi and Prof Koichi Nishigaki of Saitama University from the Japan side. This program would be funded by the bilateral joint program between Department of Science and Technology (DST) or Indian National Science Academy (INSA), New Delhi and the Japan Society for Promotion of Science (JSPS) or Japan Science and Technology (JST), Tokyo.

Program:

- 08:30-09:00 Registration
- 09:00-09:45 Opening ceremony (Guest of Honor: India side: Prof NK Jain (VC) / Prof PC Trivedi / Prof SL Kothari, U of Rajasthan; Japan side: Prof Y Husimi (Dean) / Prof K Nishigaki, Saitama U)
- 09:45-10:15 Indo-Japan event's remarks (Ms Rashika and group)
- 10:15-12:30 **1st Plenary session (Dr Seth, Dr Batra, Dr Biyani)**
- 12:30-13:30 Lunch break
- 13:30-15:45 **2nd Plenary session (Dr Suzuki, Dr Yamuna, Dr Debnath)**
- 15:45-16:15 Refreshment break, Poster and Exhibit Viewing
- 16:15-17:45 **3rd Plenary session (Dr Ashwani and Dr Biyani)**
- 17:45-18:30 Closing ceremony (presentation of Mementos, poster award, vote of thanks and cultural program)
- 19:30-21:30 Dinner Banquet (in Aapno Rajasthan)

Keynote Speakers:

- **Biotechnology in India and bio-business opportunities**
Dr. PK Seth (Prof., CEO)
Biotech Park, Lucknow, **INDIA**.

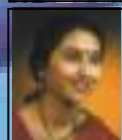

- **Scenario of biotechnology**
Dr. Amla Batra (Prof., Principal)
University Maharani College, Jaipur, **INDIA**

- **Versatile bio-probes and devices with chemical and biological molecules**
Dr. Miho Suzuki (Prof.)
Dept of Functional Material Science, Saitama University, **JAPAN**

- **First blueprint, now bricks: DNA's new avatar**
Dr. Yamuna Krishnan (Group leader)
National Centre for Biological Science, Bangalore, **INDIA**

- **Integrating 'Omic' technology**
Dr Mousumi Debnath (Reader)
Seedling Academy, Jaipur, **INDIA**

- **Synergy of evolutionary biology and future of biotechnology in medicine**
Dr. Madhu Biyani (Physician, Researcher)
REDS Group, Japan Science and Technology, **JAPAN**

- **Biotechnological approaches for the remediation of pesticide-contaminated sites**
Dr. Ashwani Kumar (Head)
Industrial Toxicology Research Centre, Lucknow, **INDIA**

- **On-chip protein factory: solution to the future challenges**
Dr. Manish Biyani (Research Director, BISMA)
REDS Group, Japan Science and Technology, **JAPAN**
